

History

Phi Delta Psi was established on February 6, 1966 as the original fraternity on the then New Hampshire College campus. The young men who created Phi Delta Psi believed in hard work, responsibility, community relations, school pride, and most importantly, Unity Through Trust. Throughout the years the brothers of Phi Delta Psi have carried on these traditions and have proven to be successful students at Southern New Hampshire University and successful leaders out in the business world. The sense of pride instilled in its members as being the first fraternity on campus has provided the brothers with a rich history and several alumni who give back through scholarships and networking.

The Original Class of 1966

Mission

Our mission is to foster an environment for friends who want to become closer like brothers for life. We strive to maintain a close knit bond between brothers and our sister sorority, Phi Omega Psi that resembles an on campus family. We enjoy doing many activities together and having a good time. It is our goal to make the campus and local community a better place by putting on school activities and donating our time and money to local charities. Phi Delta Psi is committed to the idea of excellence in Greek life by living to a higher standard.

Be A Leader

Being part of a fraternity is a great way to learn and demonstrate leadership skills. Brothers hold various positions within the fraternity and work together to make an impact on the student body and surrounding community. In addition brothers are members of several other school organizations and clubs as we have brothers involved as: Resident Assistants, members of CAPE, sports broadcasters and DJs for Radio SNHU, and Inter Greek Council. We were awarded the 2006-07 High House Award for the fraternity with the highest GPA on campus.

Pledging

Despite what you hear or see from movies like Animal House, pledging a fraternity is much different than what you may think. We are a non hazing fraternity. Pledging is an educating time period where a pledge learns about the fraternity's history, values and about unity. Our goal is to foster a brotherly bond for close friends and give back to the campus and community.

So why join? Some people are looking for a place on campus, close friends, or that family away from home. Many of us brothers joined Phi Delta Psi for those reasons and have discovered that family here at SNHU. In the process we've gained a family for life.

Perhaps you want to be more involved on campus or better network yourself. We put on several entertaining events. Becoming a brother will certainly make anyone much more involved on campus and in the community. The kinds of networking available in our fraternity are invaluable. We have several alumni who help brothers get jobs and meet various employers.

Another reason to join is we're just regular guys, and we like to have fun. We enjoy hanging out with each other, watching and playing sports, taking trips together, making friendships that will last a life time and making memories that will never be forgotten.

If you're interested in pledging or just want more information, you can contact any brother. Look on the back of this brochure for some e-mail addresses and phone numbers. Also look at the Activities section of this brochure for a list of upcoming events you can attend to have some fun and learn more about us.
